DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1 - 3 and 7 - 9, drawn to a three-dimensional randomly oriented nonwoven.

Group II, claim(s) 4 and 10, drawn to a three-dimensional randomly oriented nonwoven created by a specified process.

Group III, claim(s) 5, drawn to a process for making a nonwoven.

Group IV, claim(s) 6, drawn to an apparatus for making a nonwoven.

Group V, claim(s) 11-12, drawn to a three-dimensional nonwoven with silicon oil.

2. The inventions listed as Groups I, II, III, IV and V do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The technical feature is a three-dimensional bonded nonwoven which does not provide a contribution over the prior art, therefore, no special technical feature exists. Therefore restriction is appropriate.

3. A telephone call was made to Louis Mok on December 19, 2002 to request an oral election to the above restriction requirement, but did not result in an election being made.

Art Unit: 1771

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
